The Inspector of Municipal Councils and Local Boards, M A D R A S.

Sir,

The Head works of Bellary Water supply system are located at Hagari a distance of 10 miles from Bellary. The existing pumping main was laid in the year 1929 and runs along the Trunk Road, between Hagari to Bellary, where the water is distributed to the town by storing in a Reservoir consisting of 4 chambers.

As nearly 10 years have been completed after the laying of this main, frequent inspections of the main

main are found necessary as cracks in the main are expected at any time. During the period of last six to nine months itself there were breaches in the main for more than half a dozen times. The scours in the main are to be cleaned every-week, in order to keep the pipes in good condition without any dirt.

Hence the water works overseer of this Municipality has to go frequently from Bellary to Hagari for inspecting the main along the Road.

Neither the Bus ~~or~~ nor the train is convenient for him to inspect the main in a proper form as he cannot get down frequently on the way for inspection. He has therefore to go only one push cycle or in a jutka, for inspection of the mains and for these journeys, the overseer claims T.A. for 20 miles to and fro according to the Madras travelling allowance rules, (for which he is eligible) on an average of Rs 10 to 13 per mensum in addition to his fixed cycle allowance of Rs 3/- per mensum. According to the above proceedure, the Water Works Overseer receives a conveyance allowance of Rs 13/- to 16/- a month.

Hence the Water Works Standing committee in its resolution No.41 dated 6-12-39 has resolved to grant the water works overseer of this municipality a fixed conveyance allowance of Rs 13/- per mensum if he maintains a motor cycle. (vide copy enclosed

I therefore request Government to approve the above proposals of the committee and to sanction the same at an early date.

(Designation) Inspector of Municipal Councils and Local Boards.

To The Secretary to the Government of Madras,
Education & Public Health Department.

Sir,

The Commissioner, Bellary Municipality reports that the water works Overseer has to go frequently from Bellary to Hagari to inspect the headworks located at Hagari, 10 miles away from Bellary and also the mains along the road in order to keep the pipes in good condition. He requests that Government may be pleased to sanction a conveyance allowance of Rs.13/- per mensem to the water-works Overseer in accordance with the resolution of the municipal council. The Superintending Engineer, Public Health recommends that the water-works

Overseer, Bellary may maintain a motor cycle and draw an allowance of Rs.20, as in the case of supervisors. I send herewith the letter of the Commissioner, Bellary Municipal Council No.Ref. 180-39 D2. dated 19.12.1939 together with a copy of the letter of the Superintending Engineer (P.H.) No.147.M. dated 7.2.40 for necessary orders of Government.

2. I would in this connection invite the attention of Government to my letter No. R.o.c. A3.1902-40 dated 13.2.40 to the Secretary to Government, Local Administration Department in which the question as to whether I am competent to sanction such allowances or not has been raised.

The proposal of the Mepl. Council is to pay its water works Overseer a motor cycle allowance of Rs. 13/- p.m in lieu of the cycle allowance of Rs. 3/- p.m plus the t.a. admissible for his journeys to and fro Ittapari in connection with the inspection of water works. The S.E. P.H has recommended the payment of an allowance of Rs. 20/- which is admissible if a Motor Cycle is maintained vide page 2 of G.O. No. 3364 Edn dt 25/8/1939. It seems sufficient if the Council's views are agreed to and an allowance of Rs. 13/- granted. It does not seem necessary to consult the C.E. The draft below is for
